Floral Design & Event Styling

About Wildflowers...

Our shop has been in business for 20 years, but we've been designing for events even longer.

Located in the heart of Newton, New Jersey, Wildflowers with Tami takes on the challenge of creating floral arrangements for every occasion. We are so pleased that our clients include us in all their family milestone celebrations! Our designers are always prepared to set the tone of the event with beautiful flowers and tablescapes that coordinate with the event space to inspire guests and help make memories that stand the test of time.

Though we've had the privilege of working with many brides over the years, our favorite weddings and events are the ones where the client's personality shines through. Connecting with each client is essential to creating a successful and unique designscape, or as we like to call it the 'WOW Factor'.

Uniqueness is also the key to our shop's success. Even during our busiest seasons, no two arrangements ever leave our shop looking the same. We pride ourselves on our truly custom floral designs!

Services

Our list of services is extensive and not limited to the items below! We have gathered our most commonly requested design services here to simplify your event planning process.
